

BOOK COVER DESIGN SERVICES

MyBookLive and Virtual Bookshop contributors are welcome to supply their own book cover art in high resolution (at least 300 dpi) as jpeg files. Front and back covers must be sized to 5 inches(w) x 7.5 inches(h) and will be sized.

Contributors, who don't wish to supply their own cover art, can take advantage of an independent fast, affordable design service to enhance their work. Providing effective design will catch the eye of potential readers and buyers with attractive images along with persuasive descriptions. Fees are charged per thirty-minute blocks of time. Clients complete an information checklist to submit to the designer before work is begun. Upon payment, copyright of the image is transferred to the client.

The "Basic"

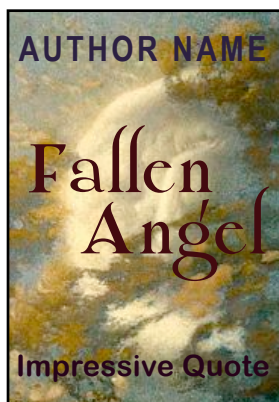

The most simple front and back covers will include a background and text using readable fonts and color combinations. This is the most affordable option for a minimum 30-minute charge. Revisions or changes will be charged per half hour. Clients are welcome to submit photos and/or images for use on a basic cover.

Note: submitted images must not violate copyright.

Custom Design *(reflecting title, theme, content elements)*

Both front and back covers will be designed to capture the essence of the book at a glance. The client will be given a cost estimate before work begins. Revisions to quoted estimate will be charged.

Covers are designed to look great as both small or enlarged images. Designs may include artwork, photos, customized fonts, and original artwork. The sky is the limit.
